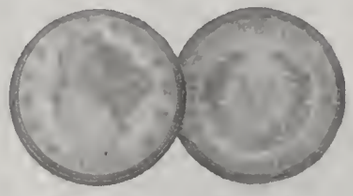
Mint State 1883 NO CENT NICKELS



Perhaps one of the most popular type coins is the 1883 No Cent Nickel. Plainly this issue lacks the "Cents" on the reverse and has been the subject of much attempted fraud by those who realized that a simple gold plating job caused the coin to resemble the more valuable $5.00 Liberty Head gold coin. Some of the more careful crooks even placed a reeded edge on the coins to resemble more closely the Half Eagle.

Our coins are *Mint State* and are available in the *60* and *63* class.

We have observed that the prices of this issue have fallen to quite advantageous levels and suggest you consider these coins now for your collection or investment.

We will carefully choose properly graded specimens for your order.

1883 No Cent Nickel *Mint State 60* $57.50 each
1883 No Cent Nickel *Mint State 63* $115.00 each

Hoard of 1920-S QUARTERS

DISCOVERED

These 1920-S Quarters should be seen to be appreciated. The minimum grade of each coin is *Almost Uncirculated 55*. We think that some of you will even call these *Uncirculated*.

A total of 15 pieces were obtained from the original owner.

These coins will be sold on a first come, first served basis.

Actual grading calls that these coins are in the 58+ range.

Our price is only $87.50 each.

This is truly a sleeper! Act NOW! Only 15 pieces available.

1920-S Standing Liberty Quarter *AU55+* $87.50 each

The First Lincoln Cent 1909-VDB

The initials VDB prominently displayed on the reverse of the 1909 issue caused much criticism because it was believed that the initials were too large and then, as things would have it, the initials were removed, also during 1909.

Young collectors generally acquire this as their first type coin.

We have assembled approximately 100 of these 1909-VDB's in *Mint State 60* and are offering them at only $12.50 each. The coin is prime for movement as it has never really taken off and should start to move. The early hoards have all disappeared and the timing is now right.

1909-VDB *Mint State 60* $12.50 each

Original Rolls 1930-S Cents Discovered

We recently discovered five rolls of original 1930-S Lincoln Cents. Each coin is an original bright specimen with lovely light toning. All coins are frosty and grade *Mint State 63* and *65*.

We have separated the coins into the two categories; the only difference being the amount of very minor spots which occur on the *63* coins.

Wholesale bid on the *63* coins is $10.00 and on the *65* coins, $50.00 each. Our price is exactly at bid with a slight discount on quantity purchases.

Hurry, only a total of five rolls are available.

Lincolns are prime for some heavy movement in the near future.

"CC" Special

We didn't mean Canadian Club!

The last time we offered a "CC" special, a client in the middle of Arkansas thought we were referring to that brand of booze. Well, this time we want all of you to know that "CC" is the mint-mark for the Carson City, Nevada Mint.

Our special this month of "CC" dollars includes *Mint State 63* coins dating either 1884-CC or 1883-CC.

If you have a preference, let us know and we will send it, providing it's available when your order is received.

We guarantee you will agree with us if you examine the market value of silver dollars and ask the question: 'Why are "CC" dollars so cheap?' Common Morgan Dollars now sell at $35.00 and up and these rare date dollars are just $72.50.

What outstanding potential!

One-Of-a-Kind

Our 1878-S Trade Dollar in *Mint State 65* condition, is perhaps one of the rarest coins to obtain. Usually well struck, the problem with the Trade Dollar series is that it is virtually impossible to obtain coins with frosty surfaces free from contact-abrasion or rubbing.

Our one-of-a-kind specimen is definitely in the *Mint State 65+* grade and as for its visual appearance, we can only see two tiny obverse marks which keep the coin from the *Mint State 70* class.

Certainly a treasure in the numismatic world.

1936-D QUARTER

Truly a Modern Day Rarity

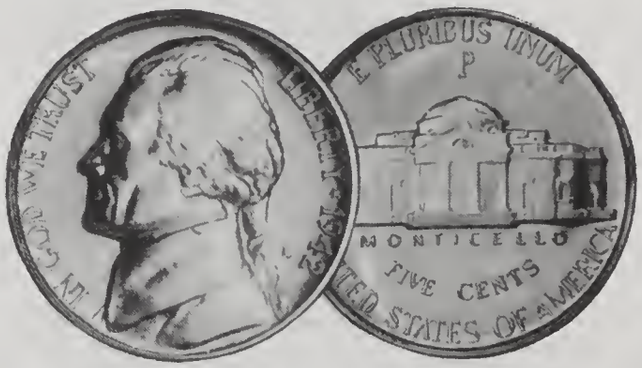
There are not many real 20th Century rarities in numismatics that are widely collected by numismatists. One such rarity is the 1936-D Quarter. From a mintage of over 5 million it would appear that the coin is not all that rare, but after close examination we find that the true rarity of the coin exists in an *Uncirculated grade* (Circulated pieces are quite common.) The 1936-D Quarters are graded as *Mint State 60 and 63.*

It is interesting to note that today is truly a buyer's market. This is reflected by the fact that last year these same coins were graded as MS 65. But because of today's market conditions, the grading standards have tightened dramatically.

Obviously, this is an excellent time to purchase these coins. We have priced these coins at realistic levels. Our supply is limited to just 6 of each grade.

1936-D Washington Quarter *Mint State 60* $325.00
Mint State 63 $450.00

THE ONLY SILVER PROOF NICKEL



In 1942 the mint changed the composition of 5¢ pieces to include 35% silver. The purpose was to eliminate the nickel which was a critical war material.

To call attention to this change, the location of the mint mark was placed above the dome.

This was the first time the mint mark was used for the Philadelphia mint.

Cataloged in the 1982 Red Book is $400.00. Our coins grade original *Proof 65.* Our price is right between the current wholesale bid. Ask price at just $300.00.

Act now! Just one to a customer.

1942-P Nickel *Proof 65* $300.00

1887-O MINT STATE SILVER DOLLARS

These Frosty 1887-O Silver Dollars are seldom seen in any large quantity. Heavily circulated pieces are usually encountered with few of the Mint State coins available in the marketplace.

Our coins are priced just a cut above actual wholesale levels. Only $57.50 each.

Only two rolls are available at this super price.

1887-O Silver Dollar *Mint State 60* $57.50 each

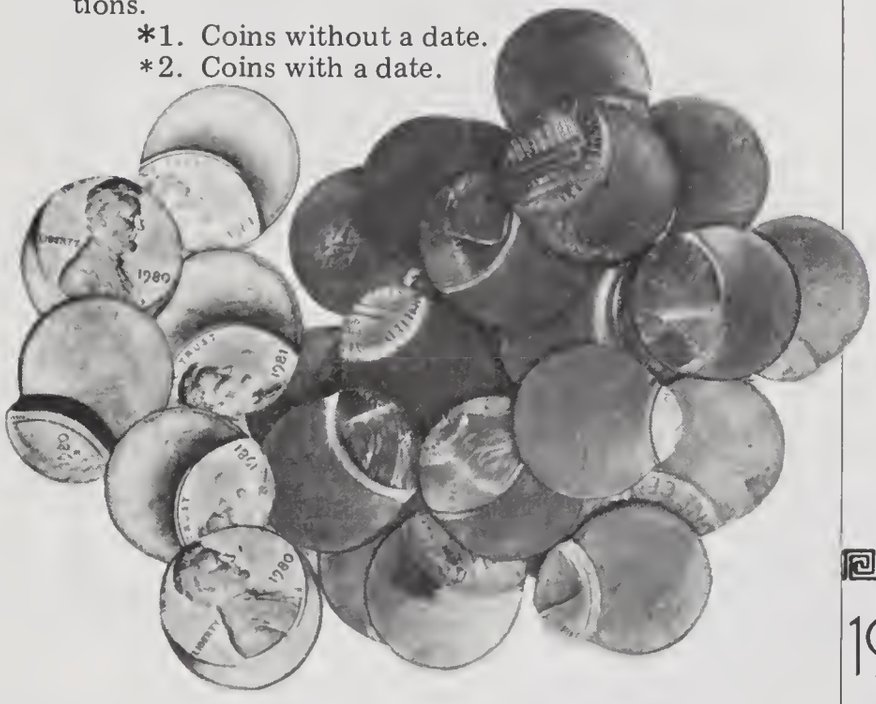
Nobody's Perfect!

Would you believe the United States Mint has made a few mistakes? We have a small hoard of Lincoln Cents that have been struck *off center* from the planchet.

OFF CENTER LINCOLN CENTS is the common terminology used to describe these unusual coins.

Our coins are divided into 2 different classifications.

*1. Coins without a date.
*2. Coins with a date.



Coins without a date are at least 40% off center. They usually retail from $10.00 to $15.00 each. Our special price is just $5.00 each.

Coins with a date are at least 15% off center. They usually retail from $17.50 to $25.00 each. Our special price is just $9.95 each.

Act now! Our supply is limited. This is a great gift idea for any numismatist.

ORDER NO. 00.000
*1. Off Center Lincoln Cent *(without a date)* $5.00 each. Limit is 10 pieces per order.

*2. Off Center Lincoln Cent *(with a date)* $9.95 each. Limit is 3 pieces per order.

SUPER SLEEPER OF THE MONTH

Frosty, *Mint State 63*, well struck, and worthy of significant advances, don't really cover the qualifications of our sleeper.

Struck in the San Francisco Mint in 1887, our candidate is a Silver Dollar.

When examing the statistics, we find the 1887-S Dollar has not been offered in many years in any significant quantity. In fact, we can't find a single recent offering on this elusive item.

Still showing signs of depression from the shadows of the Redfield hoard, the 1887-S dollar should be selling in the $200.00-$300.00 range.

Mintage figure of 1,771,000 is quite low for a Silver Dollar issue.

Last, but not least is the price which is the best of all, only $149.50 each.

1887-S Silver Dollar *Mint State 63* $149.50 each

1941 S Washington Quarters

CHOICE UNC

These lovely coins are the best from an original roll. Just 15 coins are available from this selection. Each coin is graded from the *Mint State 63 to 65* range. We think you will call them a full Mint State 65.

Regular retail price is $49.50. Our special price is only $37.50.

SILVER SHEKEL OF ISRAEL

Originally the Shekel was a standard weight of silver: "And Abraham weighed to Ephron the silver . . . four hundred shekels of silver, current money, with the merchant" (Genesis 23:16). After the invention of coinage, silver Shekel coins were minted in Phoenicia from the early Fourth Century BC. However, no Shekels were minted in the Land of the Bible because the mintage of silver coins was not permitted by their Syrian, Persian and Roman overlords.

It was not until the Judaean Revolt against the corrupt Roman-appointed Procurators erupted in 66 AD that the first silver Jewish Shekels were made as one of their first acts of independence. The required silver was supplied by the great Temple Treasury in Jerusalem. The Jewish Shekels, among the most famous of all ancient coins, were each dated in the year of the revolt (Years 1-5 corresponding to 66/67- 70 AD). The obverse design features a jeweled chalice surrounded by the denomination in ancient Hebrew "SHEKEL OF ISRAEL"; the date is above the chalice. The reverse depicts a budding pomegranate plant with the Hebrew inscription "JERUSA- THE HOLY."

With the razing of the Holy Temple and destruction of Jerusalem in 69/70 AD, and the subsequent fall of Masada several years later, these rare and beautiful silver Jewish Shekels are the most spectacular reminder of the valiant efforts of the ancient Jewish nation to free itself of foreign domination.

On a recent trip to Israel, Ira Goldberg was fortunate in obtaining a newly discovered small hoard of silver Shekels dated "Year 2" (67/68 AD) and "Year 3" (68/69 AD). These are in remarkable condition, grading Extremely Fine, and the Biblical Numismatic Society is pleased to offer them for sale for the first time since they were buried a little more than 1900 years ago!

The price for each of these historic silver Shekels is $1850 each, or one of each date for just $3600. Every Shekel has been authenticated by Ira Goldberg of Superior Stamp and Coin Company and Mel Wacks of the Biblical Numismatic Society; a Professional Numismatists Guild Certificate of Authenticity will be supplied with each Shekel. Since only 9 Shekels are available it is recommended that you rush payment or credit card data to the Biblical Numismatic Society, 9301 Wilshire Boulevard, Beverly Hills, California 90210. Telephone reservations will be accepted; outside California call toll free (800) 421-0754, within California call (213) 272-0851.

1945-P Gem BU Walking Liberty Halves

Satin-like fields and well struck details with minimal bag marks are some of the features which make these *Mint State 65* coins most appealing. When the BU roll market took off, the Walkers were hard hit for large gains. and when the market went to ****, this market was also hard hit.

Today, the prices have fallen to what we believe are below their realistic value.

These lovely specimens are select gems and priced most realistically at only $125.00 each.

Act Quickly! Only 10 specimens available!

1945-P Walking Liberty Halves *Mint State 65* $125.00 each

Third Rarest Mercury Dime 1921-P

Total mintage of 1,230,000 makes this issue the third rarest behind the 1916-D and the 1921-D issues.

We have a few of these average circulated coins with clear dates grading mostly *Good* at a reduced price of only $20.00 each. That's less than the listed wholesale bid price.

One to a customer.

1921-P Mercury Dime *Good* $20.00

1882-O New Orleans Silver Dollars

New Orleans Silver Dollars have a reputation for being poorly struck on both obverse and reverse. We recently obtained a small hoard of dollars out of Reno Nevada which contained a bag of 1882-O dollars. We found about 50 pieces that had exceptionally strong strikes which were much stronger than those we have previously seen.

We examined these pieces and found that their over all quality is in the *Mint State 63* and better class. Most of the coins are semi proof-like.

Whole sale bid on Mint State 63 pieces which are not particularly well struck and without semi proof-like surfaces is $55.00.

Mint State 65 with proof-like surfaces are bid at $650.00.

While ours are not in the $650.00 league, these are probably $100.00+ coins.

Our special price is only $67.50 each.

Hurry!

1882-O Semi Proof-like Silver Dollars *Mint State 63* $67.50 each

1932-S Washington Quarter

With a total mintage of 408,000 coins the 1932-S Quarter is by far and away the rarest of the Washington Quarters and is certainly under-valued.

Our ability to locate these rare coins is chiefly due the fact that the San Francisco coinage circulated in the Los Angeles region.

Our coins grade from *Good* to *Very Good* and our price is only $37.50, which is actually wholesale.

1932-S *Good* to *Very Good* $37.50 each

Brilliant UNC INDIAN $10 GOLD PIECES

Candidate as one of our most attractive coins is the Indian Head Eagle ($10.00 Gold Piece). Struck between 1907 and 1933 the total issue is one of the rarer as far as total production. Only 3 dates have mintage figures over one million pieces and most of the dates are less than 500,000 pieces.

The coin was designed by Augustus Saint-Gaudens who is best known as the designer of the $20.00 gold piece. The coin is most unusual in that the design is a departure from traditional design methods. The edge contains 46 stars signifying the states of the Union. In 1912, the number of stars was increased to 48. The coins contain .48375 oz. of pure gold.

We have been fortunated to obtain a few lovely specimens in *Chioce Brilliant Uncirculated* grade.

A great coin for mounting and we have a wide selection of beautiful mountings available. With your purchase, you may request a complimentary gold filled bezel at no additional charge. We will mount the coin without damage and send it along in a special gift box.

Our coins carry different dates and we note the catalogue value is listed at $1000.00. Our special price is just $750.00. Only 12 lovely specimens are available at this price.

"There shall step forth a star out of Jacob"

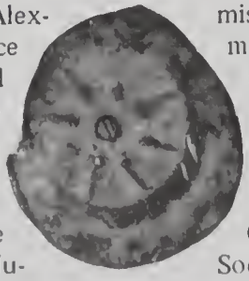
Following the First Revolt, the great Jewish Temple lay in ruin. The people dreamed of rebuilding but their hopes were dashed when Emperor Hadrian announced that he would erect a heathen Roman temple on the holy Jewish site in Jerusalem. And so the Second Revolt broke out in 132/133 AD, led by a vibrant young leader Simon Bar Kochba. "Bar Kochba" meant "son of the star" and was evidently adopted from the Biblical verse anticipating the coming of the Messiah. In fact, Bar Kochba was proclaimed as the Jewish Messiah by one of the greatest sages of the time – Rabbi Akiba.

Simon Bar Kochba's first name appears on his coins, all of which were overstruck on contemporary Greek and Roman coins. We are pleased to offer a small newly discovered hoard of silver Denarii originally issued in the third and final year of the Second Revolt (134/135 AD) . . . the last flicker of independence before the establishment of the State of Israel in 1948. These silver Denarii contain various symbols that refer to the Jerusalem Temple - lyre (harp), shofarim (trumpets), grapes, palm branch, wreath, etc. The hope "FOR THE FREEDOM OF JERUSALEM" is inscribed in ancient Hebrew on each handsome coin.

Because these silver coins only circulated for a very brief time perhaps only a few months and certainly less than a year - their condition is choice . . . Very Fine to Extremely Fine. And these last remnants of ancient Judaea's freedom are also the lowest priced Judaean silver coins . . . just $450 each or two different types of silver Denarii for only $850.

Only 11 Bar Kochba silver Denarii are available, so rush your order (check, money order or major credit card data) to the Biblical Numismatic Society, 9301 Wilshire Boulevard, Beverly Hills, California 90210-5499. Telephone reservations will be accepted; outside of California call toll free (800) 421-0754, within California call (213) 272-0851. Every Bar Kochba silver Denarius is guaranteed genuine and will come with the highly respected PNG Certificate.

Maccabean "Widow's Mite"



The small bronze coins of the Maccabean King Alexander Jannaeus (103-76 BC) have a double significance . . . as an historic 2000 year-old Jewish artifact and as the most probable candidate for the New Testament "Widow's Mite" . . . "Jesus sat over against the treasury, and beheld how the people cast money into the treasury and many that were rich cast in much. And there came a certain poor widow, and she threw in two mites" (Mark 12:41-42). The Biblical Numismatic Society is pleased to offer genuine bronze mites of Alexander Jannaeus of the Sun-Wheel/anchor type from a newly discovered hoard. Best news of all is the special low hoard price of only $10.00 per mite or 3 mites for just $27.50.

Coins average Good to Very Good condition. Please add $1.50 postage and insurance per coin. Order from the source . . . Biblical Numismatic Society, 9301 Wilshire Blvd, Beverly Hills, CA 90210.

At this tiny price you have no excuse for not adding one or more of these authentic Bible coins to your treasured possessions.
